Joriy nazorat kundalik so‘rovlar shaklida o‘tkaziladi. Oraliq nazorat ma’lum bir bob (bo‘lim) tugaganidan so‘ng o‘tkaziladi. Uning o‘tkazilish vaqti va shakli taqvim-mavzu rejada belgilab beriladi. Ushbu tavsiyanoma O‘zbekiston Respublikasi Xalq ta’limi vazirligi hamda Oliy va o‘rta maxsus ta’limi vazirliklarining 2010 yil 1 iyuldagi 4/1 va 6/2 qo‘shma hay’at majlisi qarori bilan tasdiqlangan ingliz tili fanidan uzviylashtirilgan o‘quv dasturi asosida tuzildi.

Unda 5-9 sinflarda Ingliz tili fani bo‘yicha uzviylashtirilgan o‘quv dasturi asosida tuzilgan taqvim-mavzu reja, o‘quvchilarning har bir dars oxirida o‘zlashtirishi zarur bo‘lgan bilim, ko‘nikma va malakalari, o‘tkaziladigan nazorat ishlari bo‘yicha namunaviy diktant matnlari, test topshiriqlari, yozma ishlar mavzulari keltirilgan. Tavsiyada shuningdek Nazorat ishlarni baholash mezonlari va boshqa nazorat turlariga doir ma’lumotlar keltirilgan.

Tavsiyanomada keltirilgan nazorat ishlari namunaviy bo‘lib o‘qituvchi unga ijodiy yondoshgan holda tegishli o‘zgartirishlar kiritishi yoki alternativ variantlarini ishlab chiqishi mumkin. Tavsiyanomada keltirilgan namunaviy nazorat materiallarini baholash mezonlaridan joriy nazorat o‘tkazishda ham foydalanish mumkin. Mazkur materiallardan foydalanish jarayonida to‘plangan ijobiy natijalaringiz haqida bizga yozib yuborsangiz ularni mamnuniyat bilan qabul qilamiz va avvaldan minnatdorchilik bildiramiz.

#### **Shops and shopping.**

Shopping is a part of our daily life. Many people do shopping at the market. There, farmers sell vegetables and fruit that they grow themselves. They sell meat, milk and other things too.

Big shop with many departments are called stores. In stores we can buy almost anything we like. In the windows we see all the things that they sell: food, suits, dresses coats, boots, shoes, radios, TV sets and many other things.

When we want to buy clothes, textiles, linens and jewellery are sold.

I am regular customer at one of the big Ferghana stores. My friend and I decided to do some shopping on Sunday morning. There are always many people at the department store. We enjoyed wandering from one department to another, looking at various articles on the counters. We spent a lot of time at ready-made clothes and bought a nice dress for me. My friend chose a pair of shoes and a blue scarf for herself.

We both returned home quite happy but rather tired. I like to shop at the department store because you can find anything you like there.

### Travelling

Millions of people all over the world spend their holidays traveling. They travel to see other countries and continents, modern cities and the ruins of ancient towns, they travel to enjoy picturesque places, or just for a change of scene. It's always interesting to discover new things, to try different food, to listen to different musical rhythms. Those who live in the country like to go to a big city and spend their time visiting museums and art galleries, looking at the shop windows and dining at exotic restaurants. City – dwellers usually like a quiet holiday by the sea or in the mountains, with nothing to do but walk and bathe and take pictures of everything that interests them – the sights of a city, old churches and castles, views of mountains, lakes, valleys, plains, waterfalls, forests; different kinds of trees, flowers and plants, animals and birds. Later, perhaps years later, they will be reminded by the photos of the happy time they have had.

### Holidays in Uzbekistan.

The anniversary of the independence of Uzbekistan, which we celebrate on September 1, is a holiday. But there are other dates which are holidays in Uzbekistan.

On December 8 we celebrate Constitution Day.

We celebrate New Year's day on January 1. before New Year's Day we send New Year wishes to our friends, or we ring them up in the evening on December 31, New Year's Eve. On that night we are usually at home with our family or with some friends. At 12 o'clock we say to each other, "Happy New Year!" and we answer, "Thanks, the same to you." We give presents to members of our family, and we have a New Year tree with lights and decorations.

There are two Muslim holidays, Ramadan Hayit and Kurbon Hayit. The dates of these holidays change every year.

March 8 is Women's Day. on that day we give presents to our mothers and sisters. The most common present for women is flowers, and on Women's day many men buy flowers to give to their mothers and wives.

March 21 is the spring festival of Navruz, which people celebrate with flowers, dancing, music and traditional foods. Among the most important of the foods is sumalak, a dish made from boiled wheat sprouts.

### Going to the Theatre

Theatre is one of most popular entertainments in our country. Some people go to musical comedy, others prefer drama theatres.

It is not always easy to get tickets for some opera and ballet performances.

Children usually like going to puppet theatres. As a rule, performances start in the evening and run for two hours or more, including intervals between acts.

There are sometimes matinees in the afternoon, but adult spectors prefer evening shows.

If an interesting performance is on one must book tickets beforehand.

The best and most expensive seats in the house are the orchestra stalls, and the boxes. Those who sit in the pit, dresscircle or gallery may use opera – glasses to get a better view of the stage.

Arriving at the theatre you leave your hat and coat in the cloakroom. The attendant can provide you with opera-glasses if you wish. An usher shows you to your place. You may buy a programme which tells you the summary of the performance and gives the names of the actors who are engaged in the play. To understand the ballet or the opera people buy the libretto which tells you in short what each act(scene) is about.

Our earth our home, so if we want to protect our home we should protect our environment from harmful effects of human activity. Some of these activities cause pollution. Pollution now is very important problem are: the ozone holes, global warming (or green – house effect), acid rain... . The ozone layer is a layer of gases which stop harmful radiation from the sun protecting the earth. Acid rain is rain that contains dangerous chemicals, this is caused by smoke from factories. Another problem is poisons in food. Farmers often spray chemicals in crops to safe them from pests. Scientists have found that pesticides often end up in our food and they can cause health problems – especially for kids. The seas are in danger. They are filled with poison: industrial, chemical, nuclear waste. Every tenminutes one kind of animal, plant or insect dies out for ever. And if nothing is done our earth will die in about 30 years from now. So what can we do to protect our environment? I think that we should recycle our used things, we should plant more trees, we should not waste resources but try save them, we must not dump industrial waste to seas and rivers. Everyday millions people from all over the world do everything to prefect our environment, and they need for our help. I think we ought to help them, just to make our future better.

#### Education in Great Britain.

In England compulsory school begins at the age of five, but before that age children go to a nursery school are called play school. School is compulsory till the children are 16 years old.

In Primary School and First School children learn to read and the basis of arithmetic. In the higher classes of Primary School (or in Middle School) children learn geography, history, religion and, in some schools, a foreign language. Then children go to the Secondary School.

When students are 16 years old they may take an exam in various subjects in order to have a qualification. After that students can aither leave school and start working or continue their studies in the same school as before. If they continue, when they are 18, they have to take further examinations which are necessary for getting into university or college.

Some parents choose private schools for their children. They are very expensive but considered to provide a better education and good job opportunities.

In England there are 47 universities, including the Open University which teaches via TV and radio, about 400 colleges and institutes of higher education. The oldest universities in England are Oxford and Cambridge. Generally, universities award two kinds of degress: the Bachelor's degree and the Master's degree.

#### The Queen and the Parliament

In Britain the Queen is the head of the State, but in fact she doesn't rule the country, as she has no power. The Queen is a symbol of the country history and its traditions. She is very rich. She travels about the United Kingdom, meets different people and visit schools, hospitals and other special places. So do all members of the royal family: the Queen's husband, her son Prince Charles and the Queen's daughter Princess Anna, and Princess Margaret.

The real power in the country belongs to the British Parliament and to the British Government. The British Parliament has two houses: The House of Lords and the House of Commons. The House of Lords doesn't have much power but it is very important as it can offer and change laws, it can delay laws too. The House of Commons makes laws about the Policy of the country, taxes and many other things.

The members of the house of Lords are not elected. These members are permanent. They are often aristocrats, people of the church, lawyers and former politicians. The members of the house of Commons are elected. The British people elect 650 members of the House of Commons every Five years.
