Plan:

- 1.** Travelling in the modern life.
- 2.** Means of transport.
- 3.** Travelling ages before.

Modern life is impossible without travelling. Thousands of people travel every day either on business or for pleasure. They can travel by air, by rail, by sea or by road.

Of course, travelling by air is the fastest and the most convenient way, but it is the most expensive too.

Travelling by train is slower than by plane, but it has its advantages. You can see much more interesting places of the country you are travelling through. Modern trains have very comfortable seats. There are also sleeping cars and dining cars which make even the longest journey enjoyable. Speed, comfort and safety are the main advantages of trains and planes. That is why many people prefer them to all other means. Travelling by sea is very popular. Large ships and small river boats can visit foreign countries and different places of interest within their own country.

As for me, I prefer travelling by "air". I think it's very convenient. You needn't reserve tour tickets. You needn't carry heavy suitcases. You can stop wherever you wish, and spend at any place as much time as you like.

TRANSPORT

People began to travel ages ago. The very first travelers were explorers who went on trips to find wealth, fame or something else .Their journeys were very dangerous but still people keep on going to the unknown lands.

Nowadays it is not as dangerous and much more convenient. Do you want to go somewhere? Hundreds of companies are there to help you. They will take care about your tickets and make all the reservations needed. You don't speak the language of the country you go to? There are interpreters that will help you. With modern services you can go around the world. You can choose the means of transport you like: plane, train, ship, bicycle or you can travel hiking. Tourism became a very profitable business because people are ready to spend their money for the great opportunity to have a great time learning about new countries, going sightseeing, resting and enjoying themselves.

FIVE GREAT PLACES TO VISIT IN BRITAIN

1 —

Snowdonia in north Wales is a region of beautiful mountains. Snowdon is 1,085 metres high and is the highest mountain in England and Wales. There's a small train to the top of the mountain. The view is fantastic if it isn't raining! A café there sells drinks and traditional Welsh cakes.

2 —

Fort William is a great place for exciting outdoor activities. People come to climb Ben Nevis, the highest mountain in Britain. It is 1,344 metres high. White-water rafting is very popular and it's also possible to go paragliding. Loch Ness is not far if you want to see the monster!

3 —

Millions of people visit Stonehenge every year. This strange circle of very big stones is over 4,000 years old. Archaeologists think it is a very old calendar because the sun shines on different stones at different times of the year.

4 —

Manchester is a very interesting city. The Museum of Science and Industry sounds boring, but it isn't! There's a 4D cinema with moving seats and lots more. It's a great city for music, shopping and football. It's possible to visit Old Trafford, the stadium of Manchester United football team.

5 —

Newquay is a seaside town in Cornwall. The beaches are fantastic and the old town is beautiful. Sailing and surfing are popular here. Newquay is a great place for food, too! It is famous for the Cornish pasty, a type of pie with meat and potatoes.

Travel experiences

lose your wallet

travel alone
