Libra Men Warm, loving and compassionate, the Libra men are some of the most romantic and charming men of the Zodiac. Besides, they are usually graceful and athletic and often manage leave a lasting impression on the other person's mind. Read on to find out how the men born under the Zodiac Sign Libra are and what are their usual personality traits.

As the Scales, the symbol of the Sign, suggest, the Libra men seek balance and harmony in life, and have a deep sense of loyalty, justice and fairness. Hence, they often take up causes to help people and better their surroundings. They also expect their near and dear ones to do the same and be supportive.

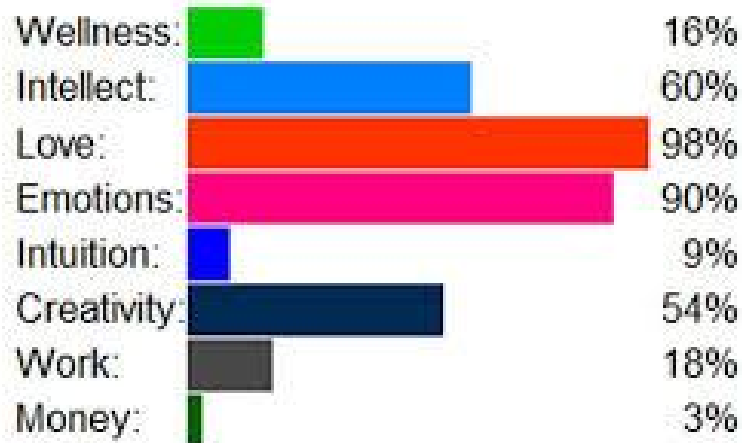

Libra Women

The Libra females are charming and have two distinct sides of their personalities and it is very likely that the both sides will show up, in all probabilities right at the same time, considering the fact that maintaining balance is a constant inner struggle that a Libra native cannot get rid of. There are also various other characteristics of the Libra women. Let's quickly go through them.

Delightfully elegant and attractive, the Libra women are aware of their strengths as well as weaknesses. These intelligent and courteous women are never over-the-top and can smooth the situation with their trademark diplomacy. Not many can resist their charm.

Lovers of luxurious surroundings and comforts of life, the Libra women love to flirt but their flirtatious nature is often harmless. Commitment is what they are actually looking for. When in a relationship, the Libra women will neither seek to dominate nor will they be dominated as they believe in equality and sharing the responsibilities. Their life partners will always get the respect they deserve.
