Bolaligida samodagi yulduzlarni sanashga urinib ko'rmagan, charog'on chaqnayotgan bu "mitti" "sayyora"ning miltillashini kuzatishdan zavqlanmagan inson bo'lmasa kerak...

E'tibor bersangiz, yirik shaharlar, urbanizatsiyalashgan hududlarda tunlari osmon g'uborli ekanini ko'rasiz, yulduzlar ko'rinmas "parda" yordamida to'sib qo'yilgandek xira nur sochadi. Beixtiyor o'ylaysiz: qani mening bolaligimda kechalari cheksiz samoga boqib, sanab adog'iga yetolmagan yulduzlar! Atmosfera tarkibining buzilishi, ifloslanishi tufayli yuzaga kelgan bu g'ubor ko'ngilni xira qiladi.

Insoniyat, qolaversa, barcha jonzotlar hayoti uchun zarur omillardan biri atmosferadir. Uning bugungi ahvolga kelib qolishiga asosan ikki manba, — tabiiy omillar va inson faoliyatining mahsuli — antropogen (sun'iy) omillar sabab bo'ladi. Tabiiy omillarga kosmik changlar, vulqonlarning otilishi, tuproqning nurashidan vujudga kelgan moddalar, o'simlik va hayvonlar qoldiqlari, o'rmon va dasht yong'inlari va boshqa tabiiy hodisalar tufayli havoda suzib yurgan tuz zarrachalari misol bo'ladi. Sun'iy ifloslanish esa avtomobil transporti, energetika sanoati, ishlab chiqarish va boshqa ko'plab jarayonlar oqibatida yuzaga keladi.

Havoning ifloslanishi tirik organizmlarga o'ta salbiy ta'sir ko'rsatadi. Havo tarkibidagi zararli qurumlar, gazlar kishi organizmida to'planadi va oqibatda teri va ko'z kasalliklari, jigar tsirrozi, qon bosimining oshishi, bronxit va shu kabi xastaliklar ko'payishiga olib keladi.

Havoning sun'iy tarzda ifloslanishining oldini olish va kamaytirishning turli yo'llari mavjud. Xususan, korxonalarda tozalash qurilmalari o'rnatilishi, zararli korxonalarning shahar chekkasiga olib chiqilishi, chiqindisiz texnologiyaga o'tish, shuningdek, transport harakatini tartibga solish, ya'ni metro va elektr transportini rivojlantirish, yonilg'i sifatini yaxshilash va ekologik toza transport vositalarini yaratish havo ifloslanishini kamaytirishda muhim ahamiyatga ega. Chunonchi, sanoat korxonalari, shaharlar, dam olish hududlari atrofini ko'kalamzorlashtirish ham atmosfera havosidagi muvozanatga erishishning usullaridan biridir.

Ta'sirchan va jonli misollar yordamida aholi o'rtasida ekologik ta'lim va targ'ibot ishlarini olib borish atmosfera havosini muhofaza qilishning muhim choralaridan biri hisoblanadi. Zero, atmosfera buzilishining sabab-oqibatlarini yaxshi anglagan har bir inson

FITRAT VA G'AFUR G'ULOM

Created on Wednesday, 10 June 2015 05:19
Written by Super User
Hits: 68

Ana'naviylik har bir milliy adabiyot rivojining tamal toshlaridan biri. Yigirmanchi asr o'zbek adabiyoti rivojiga salmoqli hissa qo'shgan G'afur G'ulom, Oybek singari ijodkorlarning yirik abadiy siymolar sifatida shakllanishida Abdulla Qodiriy, Abdurauf Fitrat, Abdulhamid Cho'lponlarning ham ta'siri salmoqli bo'lgan.

bdurauf Fitratning ko'pqirrali ijodiga xos rang-barang yo'nalishlarni keyingi avlod vakillari badiiy ijodda, binobarin kim she'riyatda, kim nasrda, kim dramaturgiyada, kim esa adabiyotshunoslik ilmida rivojlantirdi. Fitrat yaxlit va ozod Turon, Turkiston g'oyasini ilgari surgan, yuksak pardalarda kuylagan bo'lsa, Hamid Olimjon O'zbekiston timsolida ona-Vatanni ulug'ladi.

Fitratning qizi Sevara Karomatillaxo'jaeva o'z xotiralarida yozishicha, o'tgan asrning o'ttizinchi yillarida ular Toshkentda yashaganda, «uylaridan mehmon arimagan. Eng ko'p keladiganlardan biri G'afur G'ulom edi. «Otam u kishini hurmat qilar, quvnoqligi va gapga chechanligini yoqtirardi. G'afur G'ulom hovlimizni shu qadar yoqtirib qolgan ediki, keyinchalik Arpapoya ko'chasida bino etgan uyini biznikidan nusxa ko'chirib qurgan edi».

Fitrat domla betakror tadbirkorligi, donishmandligi bilan G'afur G'ulomning «Hasan Kayfiy» hikoyasi bosh qahramoniga protatip vazifasini o'tagan deya komil ishonch bilan ayta olamiz. Bu asar o'tgan asrning oltmishinchi yillarida, ya'ni G'afur G'ulom hayotining xotiralar yozishga moyil davrida yaratilgan. Fitrat, qolaversa, Abdulla Qodiriy, Cho'lpon singari adiblarni yaqindan bilgan G'afur G'ulom davr taqozosiga ko'ra, ular haqida to'rt satr xotira bitishdan ham mahrum bo'lganidan iztirob chekkani ehtimoldan xoli emas. Ana shu armon undovi bilan qisman hajviy, qisman hayotiy, qisman afsonaviy «Hasan Kayfiy» hikoyasini yaratgan bo'lishi ehtimol. Xoja Hofiz bayti tilidan tushmaydigan, «O'z aqli va mehnatiga sig'inadigan», «Kuniga bitta tanga topguncha ishlaydigan», «Undan u yog'iga malikaning poshnasi uzilgan bo'lsa ham yamamaydigan» Hasan Kayfiy tadbirkorligi, o'ta qanoatli, zehni g'oyat o'tkir bo'lgani bois, hatto podshoning xos navkari etib tayinlanadi.

Sevara Karomatillaxo'jaeva xotiralariga ko'ra: Fitrat domla «ko'pni ko'rgan, ko'p narsani uqqan, hayot qozonida obdon qaynab, zuvalasi pishgan odam edi. U kishi hadeganda umidsizlikka tushmas, har qanday qiyin sharoitda ham o'zini yo'qotmas, undan qutilish yo'llarini izlar edi».

Bugungi kunda dunyoning eng rivojlangan va taraqqiy etgan ilg'or demokratik davlatlari qatoridan munosib o'rin egallashni maqsad qilgan O'zbekiston qo'lga kiritayotgan ulkan yutuqlar jahon hamjamiyati tomonidan haqli ravishda e'tirof etilmoqda, tan olinmoqda. Bu, Prezidentimiz rahnamoligida rivojlanishning o'ziga xos va o'ziga mos yo'lining to'g'ri va oqilona tanlanganidan dalolatdir. Shu bois, endilikda taraqqiyotning "o'zbek modeli" deb atalayotgan mazkur yo'ldan qat'iy va og'ishmay olg'a intilganimiz o'zining yuksak samaralarini namoyon etmoqda.

Yogurtni nafaqat bolalar, balki kattalar ham xush ko'radi. Ammo uning foyda yoki zarari hammaga ham ma'lum emas.
Aksariyat insonlar sut mahsulotlarini muntazam iste'mol qilish, jumladan, yogurt inson organizmiga ijobiy ta'sir qiladi, deya ishonadilar.

Yaqinda barcha tinchliksevar bashariyat ahli, jumladan, vatandoshlarimiz ikkinchi jahon urushida fashizm ustidan qozonilgan g'alabaning yetmish yilligini katta tantana bilan nishonladi. Millionlab odamlarning yostig'ini quritgan, odamzod boshiga mislsiz yo'qotishlar, talafotlar va musibatlar keltirgan bu urush insoniyat tarixidagi eng dahshatli, eng qonli qirg'in bo'lganini hech kim esidan chiqarmaydi.

G.O.P. Is Wary That Health Care Win Could Have Its Risks

By ROBERT PEAR 35 minutes ago

If the Supreme Court upends President Obama's health care law, Republicans fear the fallout could lead to election losses if millions of Americans abruptly found themselves without health insurance.

Pope's Position on Climate Change Tests Republicans

By CORAL DAVENPORT

A Florida archbishop will highlight the pope's climate change message in the hope that it will resonate in particular with Marco Rubio and Jeb Bush.

Angel Watts and her husband, Jeff, center left and right, and their four children visiting with Rick Galloway and his wife, Rayn, far left and right, recipients of Ms. Watts's six unused frozen embryos.
